14 yrs	53.1h	-	Mount St Benedict	
13 yrs	55.2h	-	Mount St Benedict	1994
12 yrs	57.6h	-	Mount St Benedict	2001

Since 2008 all Broken Bay track event records have been set using electronic timing. As this is now the established normal method for timing, we have adjusted hand timed track records achieved prior to that year, in line with the well recognised approach to standardise handheld times for comparison with electronic timing. As a result, handheld records have been adjusted as follows;

- *For distances under 400m: Handheld time + 0.24 seconds*
- *For distances of 400m or 4x100m relay: Handheld time + 0.14 seconds*

For distances greater than 400m: No change

A standardised time is indicated with [S].
