

# Medical Consideration Form for Diocesan Team Sports

Please tick the Diocesan Team Sport that you would like to be considered for-

☐ Netball    ☐ Football    ☐ Rugby League    ☐ Touch Football

**This does not grant a student directly into the Diocesan Team. It allows them to be considered as a shadow if there is a withdrawal. The only exception to this is for students who were in the Diocesan Team for that sport in the previous year. They may be considered for the diocesan team directly.**

## Eligibility Criteria:

- Injured/ill students can apply for Special Consideration if they provide a doctor's certificate that clearly indicates they can't participate at the Dio event.
- The Diocesan Education Officer for Sport will be required to endorse this application. Successful applications will then be given to the Diocesan Convenor to consider **if there are any withdrawals**. For those who were in the Diocesan Team for this sport in the previous year, they can be **considered** for the **team** regardless of withdrawals.
- The School Sports Coordinator will be required to endorse this application.
- The parent/guardian of the students must sign this document as true and accurate information.
- A DOCTOR CERTIFICATE must be supplied with this application.
- **This application must be emailed to both the Diocesan Education Officer & the Convenor by 9.30am of the day of the Diocesan selection trial being held – [bernadette.duggan@mn.catholic.edu.au](mailto:bernadette.duggan@mn.catholic.edu.au). Convenor details are in your registration information pack.**
